

# Curriculum Vitae

**MOHAMAD HAFIFI**

WEB DESIGNER

Creative design is my craft that I use to enhance my life, as well as the lives of my family, friends, and community. I am a creative designer with determination to discover creative ideas and solve complex problems.

Within the few years I have been in the Web design profession, I have already worked for clients ranging from local non-profit organizations and International company. I am a self motivated new talent in the industry and will remain apprised of the latest practices and technologies within my field. With such an approach, I will have the capability to form fresh and innovative ideas for future projects.
